

# Loading silo

Our loading silos specifically support your logistics

## Your special benefits:

- Very quick loading by large outlet slide
- Underride bridge in different widths and heights (individually)
- Storage volume of about 100 m<sup>3</sup> possible
- Fully galvanized for long life
- Outlet hopper in 45 ° and 60 °
- Sheets smooth or corrugated

Technical changes reserved.

- Agricultural technology
- Plant construction
- Engineering

Unnerweg 84
