## Feed wagon loading in a modern way

### Time is money!

The Kessens- Feed wagon loading was adjusted to the needs of modern agriculture.

The full loading process is controlled at the tractor unit. Dismounting, manuel opening and closing of slides are a thing of the past.

In this way you will save time and money!

The Kessens- Feed wagon loading ensures a comfortable and reliable loading. A simple pressure on the wireless remote control is sufficient to fill the exact amount into the feed wagon.

### Wireless remote control

The intuitive wireless remote controll is the Key to your success.

We will gladly submit you an individual offer which is tailored to your requirements.

Please feel free to contact us!
